

The Quarterly Journal of Medicine

Edited by J STEWART CAMERON (Senior Editor),
A BRECKENRIDGE, DP DE BONO, CRW EDWARDS, CD MARSDEN,
G NEALE, R SMITH, MF SUDLOW, HC THOMAS, DA WARRELL,
PJ WATKINS, DG WILLIAMS, FH EPSTEIN (American Editor),
JM HOLT (Executive Editor)

New Series, Volumes 74-77, 1990

OXFORD UNIVERSITY PRESS

Contents

VOLUME 74

No. 273, January 1990

Acute renal failure 30 years on J.S. Cameron	1
<i>Toxoplasma gondii</i> infection: A potential danger to the unborn fetus and AIDS sufferer G.C. Cook	3
The influence of visual and tactile inattention on predictions for recovery from acute stroke D.H. Barer	21
Pneumococcal endocarditis in adult patients. A report of five cases and review of the literature G.A.W. Bruyn, J. Thompson and J.W.M. van der Meer	33
Endocrine aspects of mitochondrial cytopathy: marked variation in two affected siblings L. Herzberg	41
Fat absorption and exocrine pancreatic function in human immunodeficiency virus infection M.S. Kapembwa, S.C. Flaming, G.E. Griffin, K. Caun, A.J. Pinching and R.W. Harris	49
Antibody-mediated pure neutrophil aplasia, recurrent myasthenia gravis and previous thymoma: case report and literature review P.W. Mathieson, J.H. O'Neill, S.T.S. Durrant, S.J. Henderson, P.J. Green and J. Newsome-Davis	57
Outcome of end-stage renal disease in patients with rare causes of renal failure. III. Systemic/vascular disorders A.R. Nissenson and F.K. Port	63
Rural/urban differences of diabetes—impaired glucose tolerance hypertension, obesity, glycosylated haemoglobin, nutritional proteins, fasting cholesterol and apolipoproteins in Fijian melanesians over 40 D.L. Russell-Jones, P. Hoskins, E. Kearney, R. Morris, S. Katoaga, B. Slavin and J.R. Turtle	75
The evolution of acute renal failure, 1956–1988 J.H. Turney, D.H. Marshall, A.M. Brownjohn, C.M. Ellis and F.M. Parsons	83
Bovine genitourinary tuberculosis revisited M. Yaqoob, H.J. Goldsmith and R. Ahmad	105

No. 274, February 1990

HMG CoA reductase inhibitors in the treatment of hypercholesterolaemias Jeffrey K. Aronson and Leong L. Ng	111
Immunosuppressive treatment in membranous nephropathy J.C.G. Ledingham	117
Rational management of the 'on-off' syndrome in Parkinson's disease R.J. Coleman	121
The Medical Research Council trial of short-term, high-dose alternate day prednisolone in idiopathic membranous nephropathy with nephrotic syndrome in adults J. Stewart Cameron, M.J.R. Healy and D. Adu	133
HMG CoA reductase inhibitors as lipid-lowering agents: five years experience with lovastatin and an appraisal of simvastatin and pravastatin Vincent M.G. Maher and Gilbert R. Thompson	165

Upper airway obstruction due to goitre: detection, prevalence and results of surgical management	
M.R. Miller, A.C. Pincock, G.D. Oates, R. Wilkinson and H. Skene-Smith	177
Long-term treatment of acromegaly with a long-acting analogue of somatostatin, octreotide	
M.D. Page, A. Taylor, M. Preece, M. Hourihan, R. Hall and M.F. Scanlon	189
Verapamil or adenosine for the immediate treatment of supraventricular tachycardia	
Andrew C. Rankin, Alan P. Rae, Kenneth G. Oldroyd and Stuart M. Cobbe	203
Xamoterol in the treatment of orthostatic hypotension associated with multiple system atrophy (Shy-Drager syndrome)	
J.N.W. West, T.J. Stallard, S.B. Dimmitt, S.A. Smith, A. Williams and W.A. Littler	209
Continuous ambulatory peritoneal dialysis and haemodialysis in the elderly	
A.J. Williams, J.P. Nichol, A.M. El Nahas, P.J. Moorhead, M.J. Plant and C.B. Brown	215

No. 275, March 1990

The role of lipid clinics	
Jim Mann and Madeleine Ball	225
Giant invasive prolactinoma: a case report and review of nine further cases	
Julian R.E. Davis, Michael C. Sheppard and David A. Heath	227
The work of a lipid clinic: an audit of performance	
Glyn R. Evans, Gwen Taylor and Kenneth G. Taylor	239
An evaluation of human chorionic gonadotrophin (HCG) therapy in boys with delayed puberty	
D. Gordon, J.C. Lauder, H.N. Cohen, A.M. O'Donnell, C.G. Semple and J.A. Thomson	247
Clinical experience with desferrioxamine in dialysis patients with aluminium toxicity	
James T. McCarthy, Dawn S. Milliner and William J. Johnson	257
Heart block as a predictor of in-hospital death in both acute inferior and acute anterior myocardial infarction	
Kenneth McDonald, John J. O'Sullivan, Ronan M. Conroy, Killian Robinson and Risteard Mulcahy	277
Epidemiological survey of coeliac disease and inflammatory bowel disease in first-degree relatives of coeliac patients	
A. Shah, J.F. Mayberry, G. Williams, P. Holt, D.E. Loft and J. Rhodes	283
Endemic primary distal renal tubular acidosis in Thailand	
Sanga Nilwarangkur, Sumalee Nimmannit, Vipada Chaovakul, Watanachai Susaengrat, Somphong Ong-Aj-Yooth, Somkiat Vasuvattakul, Phannee Pidetcha and Prida Malasit	289
Gastrointestinal tuberculosis in patients with pulmonary tuberculosis	
K.E. Pettengell, C. Larsen, M. Garb, F.G.H. Mayet, A.E. Simjee and D. Pirie	303
Good prognosis for dilated cardiomyopathy without severe heart failure or arrhythmia	
Ralph A.H. Stewart, William J. McKenna and Celia M. Oakley	309
SLE: a rheumatological view. Analysis of the clinical features, serology and immunogenetics of 100 SLE patients during long-term follow-up	
J.G. Worrall, M.L. Snaith, J.R. Batchelor and D.A. Isenberg	319

VOLUME 75

No. 276, April 1990

The anterior pituitary, snakebite and Sheehan's syndrome	
C.W. Burke	331
Degree and extent of response to sulphasalazine or penicillamine therapy for rheumatoid arthritis: results from a routine clinical environment over a two-year period	
H.A. Capell, M. Marabani, R. Madhok, H. Torley and J.A. Hunter	335
Hyperthyroidism, inappropriate plasma TSH and pituitary adenoma in three patients, two receiving long-term phenothiazine therapy	
Fidelma P.M. Dunne, M.P. Feely, J.B. Ferriss, C. Keohane, D. Murphy and I. Perry	345

LHRH analogue treatment for the prevention of premenstrual attacks of porphyria	355
A.L. Herrick, K.E.L. McColl, A.M. Wallace, M.R. Moore and A. Goldberg	
Fulminant fungal sinusitis following intensive chemotherapy	365
R. Kaczmarek, A. Pagliuca, H. Pullon, J. Philpott-Howard, J. Salisbury and G. Mufti	
A new manifestation of seminal fluid hypersensitivity	371
Nigel Mike, Graham Bird and Peter Asquith	
The epidemiology of primary biliary cirrhosis in North-east England: an increasingly common disease?	377
Margaret Myszor and Oliver F.W. James	
Familial incidence of C3 nephritic factor, partial lipodystrophy and membranoproliferative glomerulonephritis	387
David A. Power, Yin C. Ng and John G. Simpson	
Immediate and long-term effects on hormone levels following bites by the Burmese Russell's viper	399
Charlotte Proby, Tha-Aung, Thet-Win, Hla-Mon, Jacky M. Burrin and G.F. Joplin	

No. 277, May 1990

Mortality in diabetes	413
John Jarrett	
DNA hybridization for the diagnosis of microbial disease	415
J.M. Hopkin and A.E. Wakefield	
Clinical features, morbidity and mortality of Scottish children with inflammatory bowel disease	423
J.R. Barton and Anne Ferguson	
Precocious familial gout with reduced fractional urate clearance and normal purine enzymes	441
G. Calabrese, H.A. Simmonds, J.S. Cameron and P.M. Davies	
Intravenous glucose tolerance and mortality in non-insulin-dependent diabetes mellitus	451
S.W. Coppack, H.A. Doll, B. Pim and T.D.R. Hockaday	
Chronic pericardial disease in patients with rheumatoid arthritis: a longitudinal study	461
C.A. Kelly, J.P. Bourke, A. Malcolm and I.D. Griffiths	
<i>Plasmodium falciparum</i> hyperparasitaemia: use of exchange transfusion in seven patients and a review of the literature	471
Sornchai Looareesuwan, Rodney E. Phillips, Juntra Karbwang, Nicholas J. White, Peter J. Flegg and David A. Warrell	
Percutaneous transluminal angioplasty for atheromatous renal artery stenosis—blood pressure response and discriminant analysis of outcome predictors	483
F.I. Marshall, S. Hagen, R.G. Mahaffy, J.C. Petrie, P. Roy-Chaudhury, I.T. Russell and J. Webster	
The neurological complications of Andersen-Fabry disease (α -galactosidase A deficiency)—investigation of symptomatic and presymptomatic patients	491
S.H. Morgan, P. Rudge, S.J.M. Smith, A.M. Bronstein, B.E. Kendall, E. Holly, E.P. Young, M.A. d'A. Crawford and R. Bannister	
Vasculitis in primary biliary cirrhosis—response to prednisolone	509
D.J. Mutimer, M.F. Bassendine, P. Crook and O.F.W. James	
Systemic capillary leak syndrome	515
S. Teelucksingh, P.L. Padfield and C.R.W. Edwards	
Aortic dissection masquerading as systemic disease—the post-dissection syndrome	525
Neil Turner and Charles D. Pusey	

No. 278, June 1990

Malaria, microscopy and marmosets: the saga of tropical nephrotic syndrome	533
D.R. Davies and A.J. Wing	
Haemopoietic growth factors	537
S. Devereux and D. Linch	

Sulphasalazine and the aminosalicylates in the treatment of inflammatory bowel disease S.A. Riley and L.A. Turnberg	551
Clinicopathological features of childhood nephrotic syndrome in northern Nigeria M.B. Abdurrahman, H.A. Aikhionbare, F.A. Babaoye, N. Sathiakumar and P.T. Narayana	563
A clinicopathological study of the paraneoplastic neuromuscular syndromes associated with lung cancer S.A. Gomm, N. Thatcher, P.V. Barber and W.J.K. Cumming	577
Wilson's disease: 35 years' experience J.Y.N. Lau, C.L. Lai, P.C. Wu, H.Y.M. Pan, H.J. Lin and D. Todd	597
The cutaneous manifestations in children with familial Mediterranean fever (recurrent hereditary polyserositis). A six-year study H.A. Majeed, Z. Quabazard, Z. Hijazi, S. Farwana and F. Harshani	607
Clinical, autonomic and therapeutic observations in two siblings with postural hypotension and sympathetic failure due to an inability to synthesize noradrenaline from dopamine because of a deficiency of dopamine beta hydroxylase C.J. Mathias, R.B. Bannister, P. Cortelli, K. Heslop, J.M. Polak, S. Raimbach, D.R. Springall and L. Watson	617
Progression of diabetic autonomic neuropathy over a decade in insulin-dependent diabetics M.J. Sampson, S. Wilson, P. Karagiannis, M. Edmonds and P.J. Watkins	635
A study to assess the efficacy of chemoprophylaxis in the prevention of endoscopy-related bacteraemia in patients aged 60 and over Vadivelu Vasanthakumar, Girdari L. Bhan, Bernard S. Perera and Peter Taft	647
 VOLUME 76 No. 279, July 1990	
The mouth in human immunodeficiency virus infection G.C. Cook	655
Rehabilitation after stroke R. Langton Hewer	659
Hyponatraemia in patients with cirrhosis Maxine A. Papadakis, Cosmo L. Fraser and Allen I. Arieff	675
Prognostic factors in acute renal failure following aortic aneurysm surgery F. Berisa, M. Beaman, D. Adu, R.J.S. McGonigle, J. Michael, R. Downing, J.W.L. Fielding and J. Dunn	689
Alpha ₁ -antitrypsin granules in the liver—always important? A.M. Brind, M.F. Bassendine, M.K. Bennett and O.F.W. James	699
Final outcome of ursodeoxycholic acid treatment in 126 patients with radiolucent gallstones D. Gleeson, D.C. Ruppin, A. Saunders, G.M. Murphy and R.H. Dowling	711
Natural history and cardiac manifestations of homozygous familial hypercholesterolaemia Byron Haitas, Sheila G. Baker, Theo E. Meyer, Barry I. Joffe and Harry C. Seftel	731
Oral findings in HIV-infected patients attending a department of internal medicine: the contribution of intraoral examination towards the clinical management of HIV disease Englebert A.J.M. Schulten, Reiner W. Ten Kate and Isaac Van Der Waal	741
A predominantly adrenaline-secreting pheochromocytoma J.P. Watson, E.A. Hughes, R.L. Bryan, N. Lawson and A.H. Barnett	747
Endocarditis in the 80s in a general hospital in Auckland, New Zealand A.U. Wells, C. Coe Fowler, R.B. Ellis Pegler, R. Luke, S. Hannah and D.N. Sharpe	753
Clinical diagnosis of tamponade in Malawi Alison Round and William Hamilton	763

No. 280, August 1990

Diabetic nephropathy	
P.J. Watkins	767
Properties of parathyroid hormone-related protein and its role in malignant hypercalcaemia	
T.J. Martin	771
Diagnosis and management of pulmonary thromboembolism	
Gary E. Raskob and Russell D. Hull	787
Double-blind randomized study of prolonged higher-dose oral amoxycillin in purulent bronchiectasis	
D.C. Currie, N.D. Garbett, K.L. Chan, E. Higgs, H. Todd, M.V. Chadwick, H. Gaya, A.J. Nunn, J.H. Darbyshire and P.J. Cole	799
Defect in thermoregulation in malnutrition reversed by weight gain. Physiological mechanisms and clinical importance	
P.I. Mansell, I.W. Fellows, I.A. MacDonald and S.P. Allison	817
The prevalence and risk factors associated with the onset of diabetic nephropathy in juvenile-onset (insulin-dependent) diabetics diagnosed under the age of 17 years in Leicestershire 1930-1985	
P.G. McNally, A.C. Burden, P.G.F. Swift, J. Walls and J.R. Hearnshaw	831
Subacute sclerosing panencephalitis in Black children—a review of 18 cases	
M. Moodley and A. Moosa	845
Studies on the pathogenesis of hypertension in Cushing's disease and acromegaly	
C.M. Ritchie, B. Sheridan, R. Fraser, D.R. Hadden, A.L. Kennedy, J. Riddell and A.B. Atkinson	855
The source and significance of raised serum enzymes in rheumatoid arthritis	
P. W. Thompson, B. J. Houghton, C. Clifford, D. D. Jones, K. B. Whitaker and D. W. Moss	869

No. 281, September 1990

Asian rickets and osteomalacia	
Roger Smith	899
Factors determining success and energy requirements for cardioversion of atrial fibrillation	
Gavin W.N. Dalzell, John Anderson and A.A. Jennifer Adgey	903
Adrenal dysfunction in patients with renal amyloid	
P. Danby, K.P.G. Harris, B. Williams, J. Feehally and J. Walls	915
Asian osteomalacia is determined by dietary factors when exposure to ultraviolet radiation is restricted: a risk factor model	
Janet B. Henderson, Matthew G. Dunnigan, William B. McIntosh, A. Abdul Motaal and David Hole	923
Clinical judgement analysis	
John R. Kirwan, D. Mark Chaput de Saintonge and C.R.B. Joyce	935
Interferon system and natural killer cell activity in myasthenia gravis	
Edna Kott, Talia Hahn, Moshe Huberman, Stanley Levin and Ari Schattner	951
Long-term results following ¹³¹ I treatment for Graves' disease in Hong Kong Chinese—discriminant factors predicting hypothyroidism	
A.W.C. Kung, K.K. Pun, K.S.L. Lam, P. Choi, C. Wang and R.T.T. Yeung	961
Haemostatic changes in the loin pain and haematuria syndrome: secondary to renal vasospasm	
B.R. Leaker, M.P. Gorge, A. Patel and G.H. Neild	969
<i>In vitro</i> colony culture and chromosomal studies in hepatic and portal vein thrombosis—possible evidence of an occult myeloproliferative state	
A. Pagliuca, G.J. Mufti, M. Janossa-Tahernia, S. Eridani, N.B. Westwood, J. Thumpston, B. Sawyer, R. Sturgess and Roger Williams	981
The management of atypical non-cardiac chest pain	
M.J. Pearce, R.A. Mayou and I. Klimes	991

VOLUME 77

No. 282, October 1990

Angiotensin-converting enzyme inhibition and renovascular disease	
A.E.G. Raine	997
Atrial natriuretic peptides	
G.A. Sagnella and G.A. McGregor	1001
Hepatitis C virus antibodies in subjects with and without liver disease in the United Kingdom	
M.R. Jacyna, K. O'Neill, J. Brown, R. Drobner, P. Karayiannis and H.C. Thomas	1009
Renovascular disease and renal complications of angiotensin—converting enzyme inhibitor therapy	
P.A. Kalra, H. Mamtara, A.M. Holmes and S. Waldek	1013
Polymyositis, pulmonary fibrosis and autoantibodies to aminoacyl-tRNA synthetase enzymes	
C. Marguerie, C.C. Bun, H.L.C. Beynon, R.M. Bernstein, J.M.B. Hughes, A.K. So and M.J. Walport	1019
Mycobacterial infection after renal transplantation—report of 14 cases and review of the literature	
Wajeh Y. Quinibi, M. Badawi Al-Sibai, Saadi Taher, Edward J. Harder, Edward de Vol, Osman Al-Furayh and H. Earl Ginn	1039
Dialysis arthropathy: a clinical, biochemical, radiological and histological study of 36 patients	
D. Sethi, T.C. Naughton Morgan, E.A. Brown, N.R.B. Cary, C.C. Erhardt, M. Panzianis, R.N. Maini, D.F. Woodrow and P.E. Gower	1061
The eighty-fourth annual general meeting of the Association of Physicians of Great Britain and Northern Ireland 1990	1083

No. 283, November 1990

Von-Hippel-Lindau disease	
J.M. Connor	1099
Visceral leishmaniasis in HIV infection and AIDS: clinical features and response to therapy	
Barry S. Peters, David Fish, Robert Golden, David A. Evans, Anthony D.M. Bryceson and Anthony J. Pinching	1101
An evaluation of the distinction of ectopic and pituitary ACTH dependent Cushing's syndrome by clinical features, biochemical tests and radiological findings	
S.B. Blunt, L.M. Sadler, J.M. Burrin and G.F. Joplin	1113
Lung scanning for pulmonary embolism: clinical and pulmonary angiographic correlations	
H.W. Gray, J.H. McKillop, R.G. Bessent, I. Fogelman, M.L. Smith and F. Moran	1135
Clinical features and natural history of von Hippel-Lindau disease	
E.R. Maher, J.R.W. Yates, R. Harries, C. Benjamin, R. Harris, A.T. Moore and M.A. Ferguson-Smith	1151
Donor seropositivity and prednisolone therapy as risk factors for cytomegalovirus infection and disease in cyclosporin-treated renal allograft recipients	
David J. Morris, Maurice Longson, Robert J. Postlethwaite, Netar P. Mallick and Robert W.G. Johnson	1165
Parathyroidectomy in chronic renal failure: a nine-year follow-up study	
P. Nichols, J.P. Owen, H.A. Ellis, J.R. Farndon, P.J. Kelly and M.K. Ward	1175
Factors related to treatment resistance in hypertension	
Joseph M. Toner, Colin F. Close and Lawrence E. Ramsay	1195

No. 284, December 1990

Reflux nephropathy	
D.G. Williams	1205
Natural history of the diabetic neuropathies	
P.J. Watkins	1209

Abnormalities of glucose tolerance following gestational diabetes Anne Dornhorst, Philippa C. Bailey, Victor Anyaoku, Robert S. Elkeles, Desmond G. Johnston and Richard W. Beard	1219
Valproate metabolism during hepatotoxicity associated with the drug M.J. Eadie, G.E. McKinnon, P.R. Dunstan, D. MacLaughlin and R.G. Dickinson	1229
Reflux nephropathy and primary vesicoureteric reflux in adults Mahmoud T. El-Khatib, Gavin J. Becker and Priscilla S. Kincaid-Smith	1241
Incidence, causes and mechanism of hypercalcaemia in a hospital population in Hong Kong C.C. Shek, A. Natkunam, V. Tsang, C.S. Cockram and R. Swaminathan	1277
Antibodies directed against neutrophils (C-ANCA and P-ANCA) are of distinct diagnostic value in systemic vasculitis M.C. Venning, A. Quinn, V. Broomhead and A.G. Bird	1287
Age-specific incidence of Guillain-Barré syndrome in Oxfordshire S.J. Winner and J. Grimley Evans	1297
